Dear <FIRST NAME>,

Rachel needed help. Her family didn't have warm clothes for winter. She had fallen behind on rent. She couldn't afford gas money to get her kids to school and doctor's appointments. Groceries were becoming out of reach.

After speaking with Family Coach Greta at Neighborhood House, **Rachel could breathe a sigh of relief.**

She had found someone who would listen to her, who cared about her wellbeing, and who could help guide her out of this difficult time in her life.

Greta and Rachel created a plan to address Rachel's immediate needs and work toward building her and her family's future.

With Greta's help, Rachel received coats and boots for her kids, got caught up on her rent, was connected to our food market to get groceries, and received gas cards so that she could take her kids to school and appointments.

Thanks to people like you, Rachel was able to fulfill her immediate needs with a helping hand from Greta each step of the way.

Now they're working toward the future so that Rachel and her kids will live safer, healthier, and more stable lives.

There are other families like Rachel's who need your support.

Now is a great time to give. If you make a gift by the end of the year, your gift will be DOUBLED thanks to the Frey Foundation.

Will you help someone like Rachel fulfill their immediate, basic needs now so that they can focus on their future?

Will you help other families like Rachel's fulfill their immediate, basic needs now and provide guidance so that they can work toward future stability?

Without your generosity, parents like Rachel will not be able to meet their basic needs now or plan for their future success.

Families in the St. Paul area are counting on your support. Thank you for considering being the safety net they need.

Remember, if you make a gift by the end of the year, your donation will be doubled. Your $50 donation will become $100 and you'll help two people sign up for health insurance.
